

Class: 4
Term: Spring 2020

Quest Title: Times Gone By

We Care, We Aspire, We Belong

These words underpin the ethos of our school and the teaching and learning that takes place. We strive to ensure all children care for their community on every level, aspire to be the best they can be and most importantly, develop a strong sense of belonging here at Milverton Community Primary School.

We care by:

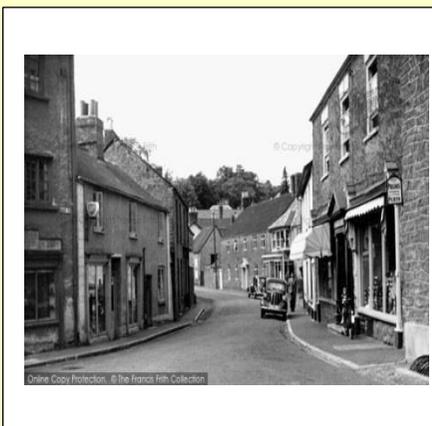

Thinking about how to look after our local area.

We aspire by:

Thinking about the many achievements of Brunel and his determination and resilience.

We belong by:

Knowing the history of our local area and what makes it special.

As historians we will:

Discover and examine local history through a range of enquiries, research and gaining knowledge from a local archivist and visitors to the school.

As geographers we will:

Locate counties and cities within the United Kingdom and then focus closely on Milverton and its surrounding areas including physical features such as hills and rivers. (Links with historical local study).

As mathematicians we will:

Increase our confidence and ability in calculating fluency, reasoning and problem solving questions using the 4 number operations.
 Develop our knowledge of fractions and decimals.
 Convert measures and calculate the area of shapes.

As design and technologists we will:

Understand the importance of a balanced diet to ensure that our bodies have sufficient nutrition. We will then taste sample foods and design and make a healthy sandwich.
 Learn how to sew and create an Easter decoration.

As scientists we will:

Investigate teeth and their functions, making comparisons between humans and animals.
 Explore the process of the digestive system.
 Use scientific enquiry during practical and observational experiments.

As linguists we will:

Read a variety of high quality texts to inspire our writing.
 Develop our writing skills in a range of fiction and non-fiction texts.
 Share poetry and practise reading aloud to our peers.

Drivers: Reflective Learners	Learning outside the classroom and Eco-Schools:	The Arts we will:	Diversity we will:
<p>In PSHE, we will focus on developing a growth mindset by: self-assessing, setting goals and reviewing and improving our work. We will link this to how scientists and engineers improve their designs and develop their understanding.</p>	<p>We will have our termly ECO days, Forest School sessions and Science day. We will participate and engage with visitors from the Somerset Heritage Centre during practical workshops.</p>	<p>Develop our sketching skills by exploring the work of Brunel and the architecture of Milverton. We have an exciting in-school workshop called 'Build Like Brunel' in Spring 2. Listen and appraise the music of English composers.</p>	<p>Make comparisons and contrasts between living in the countryside and cities.</p>
