

<p>Quest Title: Explorers</p>  <p style="text-align: right; font-size: small;">©2006 BLOGGRAPHY.COM</p>		<p>As historians we will... Delve into the lives of Scott and Shackleton and put ourselves in their shoes to experience what life was like for them.</p>	
		<p>As geographers we will: Explore the continents and oceans and identify weather patterns around the world. We will spend time pinpointing and comparing hot and cold countries.</p>	
		<p>As mathematicians we will:</p>	
		<p>As artists we will... Hone our colour mixing techniques to create paintings and drawings and use our fine motor skills to produce prints and sculptures</p>	
		<p>As scientists we will: Learn about animals and their habitats identifying how adaptation allows them to survive in different environments.</p>	
		<p>As writers we will: compose our own wishing tale based on our wonderful story of Lost and Found and create information texts on some of the animals we learn about in science.</p>	
<p>DRIVERS: Teamwork and Effective Participators</p>	<p>Learning Outside the Classroom and ECO schools</p>	<p>The Arts</p>	<p>Diversity</p>
<p>We will: Develop a class identity and ensure we engage with and contribute to our own learning. Learn how to work together as a team to achieve the best results. Learn and consider our school and class rules.</p>	<p>We will: Visit Contains Art to start our art work Go on a 'polar' visit to the hall to experience and explore icy conditions Use our new outdoor area to take our learning outside Take part in Forest School and eco-days</p>	<p>We will: Celebrate harvest festival through music in the classroom and in the local church Learn about animal movement through dance in our PE lessons.</p>	<p>We will: Discover how different animals live in different parts of the world because of location, climate, habitat etc Explore other religions and cultures through our R.E work Learn about British values and how they span across the school, community and country.</p>
