Friday 13th July
 Whole school trip to Flip Out

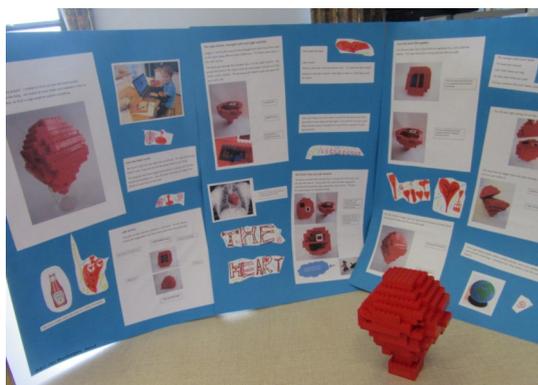

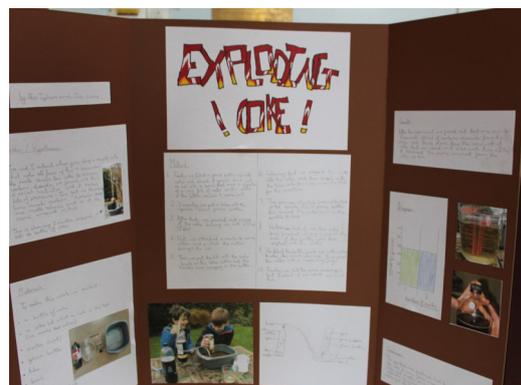

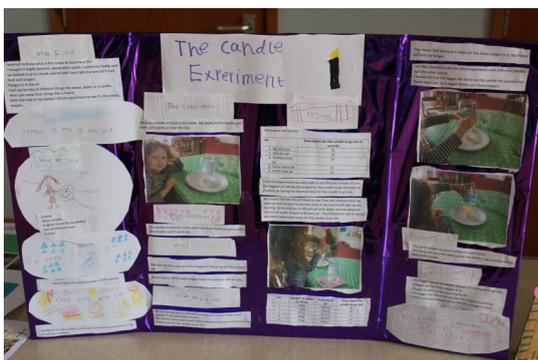

Monday 16th July
 Sports Day
 (Parents welcome)

Friday 20th July
 Year 6 Leavers' Assembly
 Last day of term

Thank you for supporting your child with their entry to our recent Science Fair. I was absolutely thrilled with the quality, variety and creativity of all the entries – it looks as if you all had lots of fun with the experiments! Judging proved particularly difficult for the staff because the standard of the entries was so high. We really enjoyed reading about all the children's discoveries and it was lovely to see them being so engaged in science. As a reward for all their hard work, ALL the entrants will be able to take part in a special, fun science afternoon at school. The finalists will take their work to the area Primary Science Fair at Dulverton on Thursday 26th April. The children should be very proud of their efforts - a HUGE 'WELL DONE' to all who entered.
Mrs Calnon

Now that the weather has warmed up, please make sure your child has a bottle of water, a sunhat and sun cream at school.
 Thank you.

FOREST SCHOOL NEXT TUESDAY IS RECEPTION CLASS

HOUSE POINTS	WEEKLY TOTAL	HALF TERM
LONDON PLANE	264	684

OUTSTANDING LEARNERS OF THE WEEK

CLASS R	Jasmine for fantastic addition and subtraction in maths
CLASS 1	Reuben, Eleanor and Isla for their lovely cursive handwriting.
CLASS 2	Mia P for all her hard work during phonics. Well done Mia, you are working really hard.
CLASS 3	Verity for consistently hard work and focus in all lessons.
CLASS 4	Daisy and Nicholas for their fantastic focus and participation in speaking and listening activities this week.
CLASS 5	The whole of Class 5 for a great residential trip to Kilve.
CLASS 6	Kylan and Toby for their fantastic efforts and skill in our tennis sessions.

On Monday Key Stage 1 had a fantastic eco day exploring the school grounds for signs of spring, learning about bats and discovering creatures that live under rocks, logs and in our school pond. During the morning each class had the opportunity to go pond dipping with Mr Maben. He talked to us about the different creatures and plants we found – we were especially pleased to find newts! We would like to thank Mr and Mrs Maben for giving up their time and sharing their expertise with us. All the children had a great day!

Mrs Lewis

This week KS1 and Years 3 & 4 went outside to the outdoor classroom. Mrs Maben came to talk to us about bats and things that live in the school pond. First, we talked about the different species of bat, and the different bats that live here. Mrs Maben had set recorders around the school grounds to see what bats we had living here. She showed all the different sounds and told us we had 5 types of bats living here, including the Lesser Horseshoe and Common Pipistrelle. Then we went to the pond with some fishing nets to see what we could find. Jonah and Tilly found newts and we all had a good look at them. Some people found different creatures that we didn't know lived in ponds. In Class 4 we also planted our own sunflower seeds and we are going to see who can look after it the best and make it grow the tallest. It was a fun afternoon.

by Freya S, Class 4

Once upon a Team!

We can't wait for some healthy holiday fun!

Tortoise

Once upon a time... Hare boasted about how fast she could run and challenged Tortoise to a race. Through haste and overconfidence, Hare ended up losing the race, even though Tortoise was much slower.

Today, the Hare and the Tortoise have learnt from this race and become great friends. They use their different skills together to form a killer team! Hare is now careful never to be too overconfident and Tortoise will always give 100% and get involved.

Everyone is invited to join the team and share in some healthy, happy, holiday fun!
